The Stanley Horesh Collection of Egypt

Joshua Stanley Horesh

1924–2013

Joshua Stanley Horesh was born on 20 April 1924 in London and lived most of his life in Hammersmith, even though his parents had deep roots in the Middle East. After attending St Paul's Boys' School and for a period serving in the army, Stanley studied for an external degree in commerce from London University and would have liked to become an engineer but chose instead to join his father's import/export business. In 1955 he married Marian, with whom he had three children. He took over the running of the family company, DE Horesh & Co, after his father's retirement in the early 1960s.

Stanley was a great contributor to a number of communal organisations, and he was a stalwart of the Egypt Study Circle, which he had first joined in 1965. Frequent travel commitments prevented Stanley from taking the Chair, yet he contributed greatly to the society both through his flair for organisation and his considerable specialist knowledge.

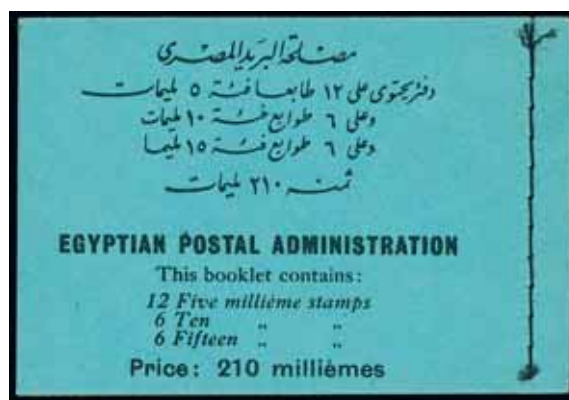

His recent death is a great loss to his fellow collectors, who will especially miss his insights into World War I military mail in the Middle East, travelling post offices, French Post Offices, maritime mail and other favourite fields of study.

- 1088** ☒ 1707 entire headed "Gibraltar January 25th 1706/7" addressed to John Strachey care of Mr. Thornhill's in the High Street, Bristol, by Matthew Fox, showing "7" ms. rate marking and with Exeter Bishop mark "MR/5" on reverse. Assuming that the letter was landed at Falmouth, the 7d. charged would appear to pay the 3d. fee from Falmouth to Exeter, 3d. from Exeter to Bristol and 1d. for the captain of the vessel from Gibraltar. Containing interesting comments: "all thing very deare exceptt winds . . . the reason is here is nothing can com to itt butt by water for what littell land comes up to itt is blockett by ye Spaniards." A very rare early letter sent within a year of Gibraltar being made a free port by special decree of Queen Anne. Ex Moeller and Metliss. Photo. **£300-£400**

An interesting letter, "we are in good hopes here of a Peace with Spain, our bounds then may be more extensive for at present we are like so many capons", although Russell remains hopeful of a war with that "perfidious nation" France. Photo. **£120-£150**
- 1093** ☒ 1756 entire, headed "Gibraltar April 20th 1756" addressed to Isaac Rebow in Colchester by Lt. Robert Price, rated "7" in ms. and with "8/IV" Bishop mark on reverse. Price appeals to Rebow to lend him £350 in order to purchase the Quartermaster's commission of his regiment, which he hopes to repay from his improved income in "two or three years", an appointment for which he has strong expectations as he has been recommended personally by Governor Thomas Fowke, in spite of rival candidates and "my brother's behaviour". Lieutenant General Thomas Fowke served as Governor from May 1754 to July 1756 but was but was tried by court martial for failing to provide a regiment of marines to Admiral John Byng, who was attempting to transport troops from Gibraltar to Minorca. He was dismissed from the servive by King George II but reinstated in 1761 by George III. Photo. **£100-£120**

- 1106 ▲ **The Great Siege of Gibraltar**, 1781 (Apr. 12, 18) two naval despatches, both signed by Vice-Admiral George Darby on the "*Britannia off Gibraltar*" addressed to General Elliott, the first written to accompany boxes containing a substantial amount of money from the Treasury, delivered under the custody of Capt. Conway, the second conveying his positive response to Elliott's request for "any quantity of biscuit . . . for the use of the Garrison as a resource in case of any accident happening to the ovens" and with Elliott's reply hastily written on the same document, he having met the bearer of Darby's letter "on the road", slight climatic age staining. *George Augustus Elliott, 1st Baron Heathfield, KB (1717-1790) is remembered for his dogged defence in command of the Gibraltar garrison during the Great Siege, which lasted between 1779 and 1783. Vice Admiral George Darby (c.1720-1790) had commanded the Channel Fleet in 1780 and was appointed one of the Lords of the Admiralty. On April 12 (date of the first letter) Darby had entered the bay with 29 ships of the line escorting one hundred store ships from England, the Spanish fleet being unable to intercept the relief expedition. Frustrated by this failure the Spanish carried out a barrage of the town causing great panic and terror among the civil population who consequently chose to leave with Darby on April 21. Sir John Thomas Duckworth, 1st Baronet, GCB (1748-1817) was later Governor of Newfoundland during the War of 1812. Sir John Thomas Duckworth, 1st Baronet, GCB (1748-1817) had served as joint commander with Sir Charles Stuart in support of the invasion of Minorca and had been promoted to Admiral of the White the previous month. On Apr. 5, whilst blockading Cadiz, he succeeded in capturing a valuable Spanish convoy from Lima, bringing in two frigates and eleven richly laden merchant vessels. The GB Overprints Society

The Society, popularly known as GBOS, was founded in 1974 as a natural progression from a Study Circle which had existed since 1970. We are a member of the Association of British Philatelic Societies and were, in 1977, the first society in the United Kingdom to affiliate to the American Philatelic Society. Most of the membership is in the British Isles, but we have enthusiastic members in Europe and throughout the World, including the Arabian Gulf, South Africa, and the United States of America.

The GBOS undertakes study and research, and it provides a service to all collectors of GB Overprinted material, with the advantage of having particular strengths in Bahrain, Bechuanaland, British Levant, the British Postal Agencies of Eastern Arabia, British Occupied Italian Colonies, Kuwait, Mafeking, Morocco Agencies, Nauru, Oil Rivers, Qatar and Tangier.

From the first officially produced GB Overprints for Cyprus in 1880 through to the closing of the very last overseas British Post Office at Abu Dhabi in the Arabian Gulf on 31st December 1966, we find not only stamps but many other items offered by the British Post Office – registered letter envelopes, printed postcards, parcel labels, postal orders and airmailers, all overprinted or used in one or more of the overseas BPOs.

The *Overprinter*, the GBOS quarterly journal, is A4 size, well illustrated and usually at least 28 pages in length. The GBOS has a reputation for ensuring that there is always a high percentage of new and original material, much of it supplied through the participation of members. Although the journal has not been entered for competition in the UK, it has received awards overseas, and we believe we can fairly say that it meets with the satisfaction of GBOS members everywhere, and that is what we strive for.

Study papers published include a series covering the British Levant and another covering the British Occupied Italian Colonies, both of which have received excellent reviews. More recently we have published booklets on overprinted Wildings and postal orders and have jointly published books on the postal history of the Morocco Agencies. Further books covering overprinted British postal stationery will be published later this year. The Society has an extensive Library with books being provided on loan only within the United Kingdom; but the GBOS Librarian extends all possible help to overseas members on request.

Meetings are regularly held in London and take place regionally whenever possible. The meetings provide an opportunity for members to meet socially, view and display material and exchange information. We have now started to hold weekend meetings.

Postal auctions are normally held twice a year. They are an important feature of our service to GBOS members worldwide. A Packet service is available on request to members resident within the United Kingdom. Dealer members now have an opportunity to advertise 'Overprint' material in the *The Overprinter*.

No matter what your interest in GB Overprints, or whether you are a beginner or an advanced specialist, it is certain that the Society can help you with research information. You will encounter many other members with the same interests as yourself.

For further information please contact the GBOS Secretary Tony Stanford, PO Box 2675, Maidenhead, SL6 9ZN, United Kingdom.

The Email address is gbos@talk21.com and our website, which gives full details of the Society, is <http://www.gbos.org.uk/>
