The Sarawak Specialists' Society

THE SARAWAK SPECIALISTS' SOCIETY was formed in 1947, initially to further the study of the stamps and postal history of Sarawak. Then in 1956 Brunei was added, followed in 1958 by North Borneo and Labuan. Thus the Society's scope widened to include these philatelically interlinked territories.

Joining the Society is a vital step for anyone interested in the philately and postal history of Sarawak, North Borneo, Brunei or Labuan. We provide a mine of information for both the specialist and the beginner interested in these countries. And, furthermore, there is the opportunity to meet and engage with a good crowd of like-minded people with varied interests and different degrees of specialisation.

The Society has members throughout the world. There are Vice-Presidents based in North America, Australia and Sarawak, who facilitate links between members living in those areas and the membership in the UK

The subscription is £15 per year. All members receive the *Sarawak Journal*, which is published quarterly and includes articles written by members, with something of interest in each issue for collectors of any of the four countries covered.

We also hold two auctions (in the spring and autumn), each with between 500 and 600 lots. Although the auctions are held in the UK, catalogues are sent, on request, to members throughout the world. Everyone can bid with confidence by post, or sell surplus materials, knowing that the auctioneer will be a knowledgeable fellow member (the current auctioneer has been in post for 35 years).

Usually one or two exchange packets are circulated yearly among UK members when they register an interest with the Packet Secretary. Members have access to the Society's Library; also they can purchase publications and CDs of back numbers of the *Sarawak Journal*.

We meet twice a year, once in the spring and again in the autumn. The spring meeting is generally held over two days – Friday and Saturday. There are displays by members and one of the two annual auctions is held on the Saturday. Of course there is the opportunity to meet members with similar interests

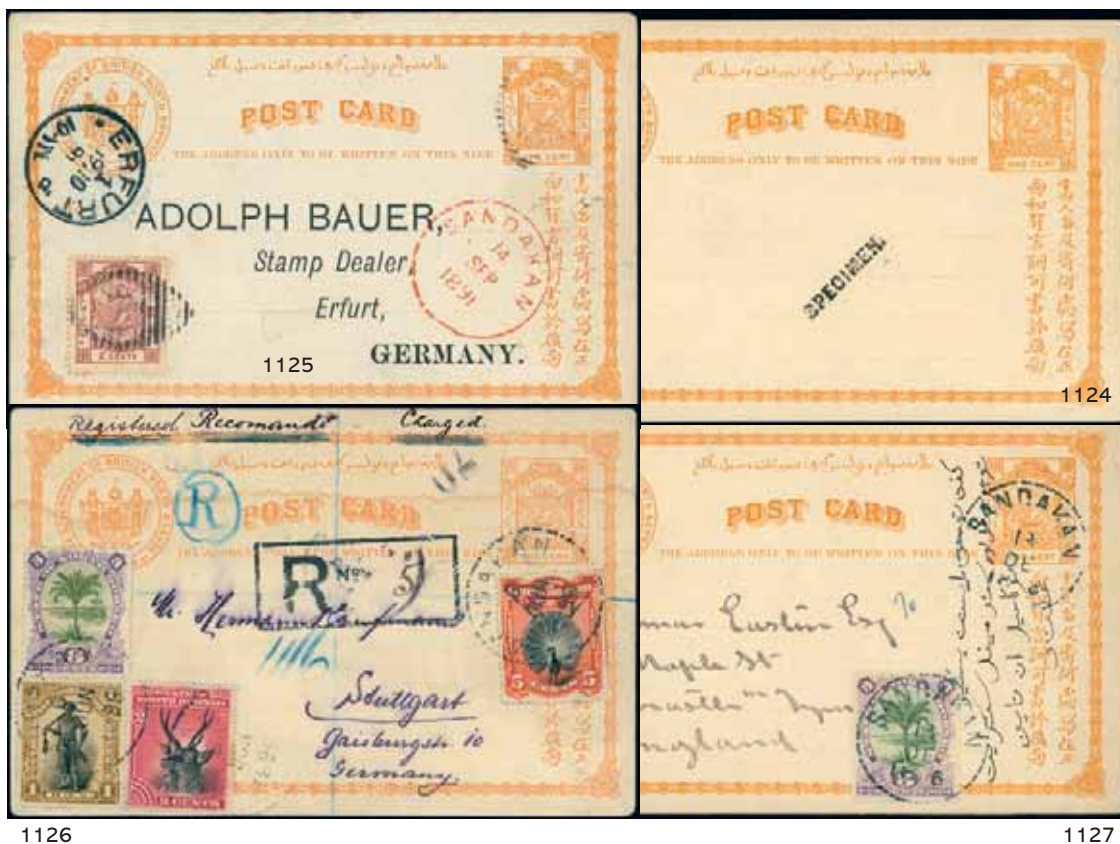

The autumn meeting takes place over three days – Friday, Saturday and Sunday. The AGM is held as well as the second auction and there are member displays.

Why not check our website, www.s-s-s.org.uk, for full details, or email secretary@s-s-s.org.uk (Hon Sec)? There is always a warm welcome for new members.

The Bryant Rose Collection

After boarding school I was indentured to a large local firm to become a Master Builder. Courses at Reading University were included.

I served in the RAF during the Battle of Britain with 79 Squadron – home station Biggin Hill.

On the 26th September 1943 a spectacular parade was held in London at which all those who took part in the Battle of Britain were represented. I was fortunate to be selected and was included in a contingent lead by Wing Commander Reginald Reynolds DSO, DFC, famous for his pinpoint raids on Berlin in a Mosquito aircraft to disrupt speeches by leading Nazis.

Demobbed in 1946 and back in civvy street I became a well respected builder of individual homes.

I was a keen member of both the CTC Hard Riders club and the Reading Ornithological Society. My first philatelic interest was Rhodesia, followed by the Falkland Islands; and I became an early member of the Falkland Islands Philatelic Study Group in the 1970s. The photograph above was taken when I exhibited my collection of watermarks and their errors at The Royal Philatelic Society in London on the 25th Anniversary of the Falkland Islands Philatelic Study Group in 1995.

While well into my fifties I continued to play cricket, as well as regularly playing golf at the Calcot Park Golf Club – where I can remember that my first annual subscription was just seven and a half guineas!

THE FALKLAND ISLANDS PHILATELIC STUDY GROUP (founded 1970)

The Group was founded following a meeting of some 50 collectors gathered together by Malcolm Barton, a Vice President. Membership grew rapidly, reaching 125 in 1972, 220 in 1976 and is now at 380 members. The Group is truly international in its membership structure. The objects of the Group are to research into all aspects of philately connected with the Falkland Islands and their former Dependencies, leading to the publication of findings and to foster Falkland Islands philately by all means, including exchanging of information and philatelic material. Research is carried out by individual members, and is collated through a nominated leader for each subject.

A weekend meeting takes place annually in March during which displays are given, auctions and a bourse take place and an Annual General Meeting is held. Regional meetings are also held on a regular basis in various parts of the UK and in other countries, including the USA, Australia, Norway, Sweden and the Falkland Islands. Members, whether beginners or advanced collectors, are encouraged to attend.

The award winning *Upland Goose*, a quarterly journal, is distributed to all members and to leading philatelic libraries. Members 'Sales and Wants' are published with the journal without charge.

Two auctions of members' material are held each year, one a postal auction and the other live at the weekend gathering. Other material surplus to members' requirements is available through a popular circulating packet, limited because of insurance constraints to subscribers within the UK.

FIPSG is a member of ABPS and the American Philatelic Society.
