THE FALKLAND ISLANDS PHILATELIC STUDY GROUP (founded 1970)

The Group was founded following a meeting of some 50 collectors gathered together by Malcolm Barton, our Past President. The Study Group, whose membership is currently around 340, is truly international in its structure. The objects of the Group are to research into all aspects of philately connected with the Falkland Islands and their former Dependencies, leading to the publication of findings and to foster Falkland Islands philately by all means, including exchanging of information and philatelic material. Research is carried out by individual members, and is collated through a nominated leader for each subject.

A weekend meeting takes place annually in March during which displays are given, auctions and a bourse take place and an Annual General Meeting is held. Regional meetings are also held on a regular basis in various parts of the UK and in other countries, including the USA, Norway, Sweden and

the Falkland Islands. Members, whether beginners or advanced collectors, are encouraged to attend.

The award winning *Upland Goose*, a quarterly journal, is distributed to all members and to leading philatelic libraries. Members 'Sales and Wants' are published with the journal without charge.

Two auctions of members' material are held each year, one a postal auction and the other live at the weekend gathering. Other material surplus to members' requirements is available through a popular circulating packet, limited because of insurance constraints to subscribers within the UK.

FIPSG is a member of ABPS and the American Philatelic Society.
