John Ogle in London, cancelled by barred oval with Sept. 2 despatch and next day arrival backstamps. Rev. John Furniss Ogle (1823-1865) arrived in the Falkland Islands on Aug. 30 1856 as an unpaid volunteer but left the Patagonian Mission after a sharp disagreement with George Pakenham Despard, the Mission Superintendent. An attempt to organise his own mission on Picton Island in the Beagle Channel proved unsuccessful and in July 1857 he returned to England. Ogle drowned at sea in the wreck of the “Borysthène” off the coast of Algeria in 1865 and a compilation of his letters was first published in 1873. Photo. **£120-£150**

Waite Hockin Stirling (1829-1923) had begun his spiritual work as a missionary with the Patagonian Missionary Society (later known as the South American Missionary Society) and became the first Anglican Bishop of the Falkland Islands in 1869, not resigning from his position until 1900. THE FALKLAND ISLANDS PHILATELIC STUDY GROUP (founded 1970)

The Group was founded following a meeting of some 50 collectors gathered together by Malcolm Barton, our Past President. The Study Group, whose membership is currently around 340, is truly international in its structure. The objects of the Group are to research into all aspects of philately connected with the Falkland Islands and their former Dependencies, leading to the publication of findings and to foster Falkland Islands philately by all means, including exchanging of information and philatelic material. Research is carried out by individual members, and is collated through a nominated leader for each subject.

A weekend meeting takes place annually in March during which displays are given, auctions and a bourse take place and an Annual General Meeting is held. Regional meetings are also held on a regular basis in various parts of the UK and in other countries, including the USA, Norway, Sweden and

the Falkland Islands. Members, whether beginners or advanced collectors, are encouraged to attend.

The award winning *Upland Goose*, a quarterly journal, is distributed to all members and to leading philatelic libraries. Members 'Sales and Wants' are published with the journal without charge.

Two auctions of members' material are held each year, one a postal auction and the other live at the weekend gathering. Other material surplus to members' requirements is available through a popular circulating packet, limited because of insurance constraints to subscribers within the UK.

FIPSG is a member of ABPS and the American Philatelic Society.

Donald Porter Avery (1924–2021)

Donald Porter Avery was born in January 1924 in Janesville, Wisconsin. His father was a kindly country lawyer. His mother was a homemaker and county council woman, who instilled in her son a passion for humanity at all class levels, politics, history and the arts. Donald started stamp collecting when he was 7 and began his collection of Cinderellas and local posts of the world at 31. He steadily grew that collection for the next 66 years, right up until he experienced a massive stroke that resulted in his death at 97 on February 14th 2021.

He served in the US Army Infantry for 34 months in World War II in a series of lucky assignments, during which he never experienced battle. He helped guard the island of Attu in the Aleutians after the Japanese had been driven from it in the Battle of Attu. He then held a variety of clerking positions at Ft McNair and the Pentagon in Washington DC, where he rose to the rank of Technician Fourth Grade. In honour of his paper filing prowess, Donald co-opted the words of English poet John Milton to sum up the bulk of his WWII service: "They also serve who only stand and file".

World War II inspired Donald to make fighting the rising threat of communism his mission in life. After the war he finished college at the University of Wisconsin, graduating with a Bachelor of Arts degree with a concentration on political science, geography and languages in 1948. He then earned a Master of Arts from the Department of Public Law and Government, with some study at the Russian Institute, from Columbia University in New York City in 1951. From there he was recruited into the Central Intelligence Agency's (CIA) Office of Current Intelligence.

He worked for the CIA in the 1950s processing raw intelligence in Germany and then held various positions in Washington DC monitoring Soviet activities worldwide. He moved to the Bureau of International Labor Affairs in the US Department of Labor in 1960. There he expanded a novel program of staging exhibits of American labour practices and products in international trade fairs to thwart communism. Both jobs provided the opportunity to travel extensively throughout much of the world. His travels and passion for politics and history sparked an attraction to local posts whose creation was often prompted by unique historical events. He retired in 1993 after 40 years of federal government service.

He married Nancy Lou Waters in 1961 and moved to the Old Town section of Alexandria, Virginia, where they raised four children. In 1988 they relocated to Falls Church, Virginia. Donald was a member of the American Philatelic Society from 1959 and wrote 14 articles on various subjects from his collection for The American Philatelist under the nom de plume Don Avery. He became a member of the Royal Philatelic Society London in 1958 and a Fellow in 1969. He also contributed the occasional article to Copacarta and the Cinderella Philatelist. He engaged in extensive correspondence with philatelic friends all over the world, delighting in sharing details on the intricacies of philately, tales of institutional incompetence and inefficiencies, as well as his humorous yearly birthday poems. His care and documentation of his collection was meticulous.

He is survived by his wife, four children and five grandchildren. His family is grateful to Grosvenor for the opportunity to find new, appreciative homes for his beloved collection.
