SCOUT AND GUIDE STAMPS CLUB

The Scout and Guide Stamps Club was founded as the Scout Stamp Collectors Club (SSCC) in 1957 as a result of the increased interest created by the numerous stamp issues commemorating the Baden-Powell Centenary and the Golden Jubilee of Scouting. The first meeting was held on February 20th 1957 at the Headquarters of the International Bureau in London. It was followed by an open meeting at the 9th World Jamboree at Sutton Coldfield.

Club membership consists of individuals from over 20 countries and extends to collectors of Scout and Guide stamps, postal history of Scout and Guide events, special postmarks, slogans and meter cancellations, labels (seals) and postcards.

A Bulletin is published four times a year, giving details of new issues of stamps and cancellations, articles on events of philatelic interest, both past and present. The Bulletin also contains sales services, members and dealers adverts of sales and wanted material. Every member is entitled to one free small advertisement each year.

Membership is open to anyone who is interested in this popular thematic subject and close cooperation is maintained with similar clubs in the USA and many European countries.

For further information, please visit the club's website at sgsc.org.uk

Leading collectors of the world, specialising in Scout and Guide thematics, are members of the SGSC. Their expert knowledge and advice is available to fellow members.

Information and Membership Applications

Annual Subscriptions. A new year of subscriptions starts on 1st April and the committee hopes that everyone will wish to continue with the club and will send their payments to the Membership Secretary as soon as possible. The preferred method of payment is via PayPal to the Scout Stamps account "subscriptions.sgsc@outlook.com". It would be appreciated if the subscriber pays in full so that the club receives the full amount and is not charged any commission fees. This method of payment via PayPal also applies to UK members. Otherwise payment can be made by UK cheque in GB pounds made payable to the "Scout and Guide Stamps Club" and sent to Tim Reed at the address below. (Please note Euro-Cheques are not accepted.)

John Ineson

It is some 80 years since I started collecting stamps. At first they were mainly those taken from letters addressed to my parents. This was followed by occasionally buying packets of worldwide mixed stamps at 3d per packet from Woolworths. I also remember buying stamps on approval when I was at school, but these were only part sets up to the value of 3d (just over 1p in modern money) with some of them having six or seven values.

I joined the Scout Movement in 1942 as a Wolf Cub, but I did not become a collector of Scout stamps until 1955. At that time fewer than 100 Scout stamps had been issued; however, a number were produced for the 1957 World Jamboree at Sutton Coldfield, which I attended. During that event I went to a meeting of the US Scouts on Stamps Society, which had been formed a few years earlier. It encouraged me to collect and specialise mainly in these stamps and other philatelic items.

This started my more serious interest in Scout stamp collecting. In the same year, 1957, the UK-based Scout Stamp Collectors Club was formed. However, some years later its name was changed to the Scout & Guide Stamp Club.

My interest in Mafeking began in 1964 when I bought a 1d Warner Goodyear on his bicycle stamp for £12 from Stanley Gibbons. I remember later that year buying two Cracked Plate large Head Baden-Powell stamps from William Frazer Ltd at £45 each. I joined the Anglo-Boer War Philatelic Society in 1968 and the Royal Philatelic Society London in 1973. I am also a founder member of my local Sudbury Philatelic Society, which I joined in 1965.

Poland: 1944 Warsaw Uprising

The Polish Scout movement was very active underground during the German Occupation and, being very well organised, undertook with great efficiency the difficult task of establishing military communication channels. The Scouts authorities also realised the essential need for the civilian population to communicate with their families in other parts of the city and so the Scout Field Post was established. The first postal service was set up by a group of Scouts in Warsaw Central-South on Aug. 2 1944 and at first operated a limited delivery service only within that district. On Aug. 4 the Scouts Headquarters decided to organise a full postal service for all parts of Warsaw. Due to the isolation of some of the Polish held parts of Warsaw, the only available means of communication was under the streets through the sewers.

Do you collect Egypt?

If you do, or if you are thinking of starting a collection of one of the world's most fascinating areas for both stamps and postal history, why not consider joining the **Egypt Study Circle** and linking up with a friendly and companionable group?

Founded in 1935 as one of the first of the one-country specialist societies, the London-based Circle provides:

- **egyptstudycircle.org.uk**, a research website
- a vibrant Facebook page, open to all
- a free quarterly magazine in full colour
- five Saturday-afternoon meetings a year
- an extensive Library of Egypt-related books
- close to 200 members worldwide
- strong and friendly contacts in Egypt

... and much much more in the way of knowledgeable, enthusiastic and helpful colleagues.

Advice on References and Condition

Quotations of catalogue numbers and values are taken from Stanley Gibbons catalogues, and other catalogues named in the text, current at the time of lotting. This auction contains many items that are unique or of exceptional rarity. It should be noted that all philatelic items are graded and described in relation to their condition as normally found. Covers in particular should be expected to have minor imperfections consistent with their age and passage through the postal system and only significant faults will be described. The condition of covers will not be considered as grounds for return.

The illustration of a lot in the catalogue or on the internet is deemed to form part of its description and lots may not be rejected on the grounds of imperfections that are visible clearly from the illustration.

Our scope, aims and purpose:

The ISC was formed over 70 years ago to promote study and research into the philatelic and postal history of India. This is intended to cover Convention and Feudatory States of India and areas outside of India which have been under the administration of the Indian Posts and Telegraphs Department. The scope of the ISC is governed by geographical rather than political reasons. In this context is defined as the geographical land mass known as the Indian sub-continent. Thus, in addition to the Republic of India, the interest of the ISC embrace the Republics of Bangladesh, Burma and Pakistan, which were formerly all part of the Empire of India.

At the same time, however, the scope covers the areas of Bhutan, Nepal and Sikkim, which were never part of the Empire of India, as well as former Danish, French and Portuguese possessions in India. Externally, areas such as East Africa, Aden, Persian Gulf and Singapore only fall within this scope whilst such areas were administered for postal purposes by the Indian Posts and Telegraphs Department, or subsequently supplied with overprinted Indian stamps.

In addition to obvious philatelic matters such as the issue of stamps and postal stationery and their postal use, the scope of the ISC embraces the study of all types of postal markings, postal rates, postal routes etc. Within the field of postal history it is also concerned with the organisation of the postal administrations and the methods of operation, and the regulations of these administrations. The study of Fiscal and Revenue issues of India and the States is also included.

The Society also covers Military Postal History in any part of the world where the Indian Army has operated and established postal communications; also the British Army in India. A similar widespread scope defines Maritime Postal History and Aero-philately.

The purpose of the ISC is to provide an organization, which will permit all who are interested in any aspect of Indian postal history and philately to join and participate in its activities. The aim of the Society is to provide permanent records of as many different aspects of Indian philately and postal history as possible.

What you get for £27 a year:

- Four full colour 60-80 pages India Post Journals each year – providing regular access to authoritative research, expertise information and guidance
- Regular Postal Auctions of Indian and Indian States philatelic items, postal history and Cinderella materials
- Occasional Grand Auctions which are entirely devoted to better quality Indian philatelic items
- The opportunity to receive regular and varied packets – resourced by members
- Periodic, locally organized regional meetings in various parts of the world, including the USA, India and other countries
- Access to a very substantial indexed library
- Support for research and publications
- Access to a discursive, problem solving WhatsApp site – dealing with philatelic issues
- Access to a dedicated website <http://www.indiastudycircle.org/>
- Protection of your family's interests through our Widows' Support Scheme – this year we saved in excess of £50,000 for one of our widows.

Indian Feudatory States: Sirmoor

Sirmoor, variously spelled, was an independent kingdom founded in 1616 within the Mughal Empire, located in the region that is now the Sirmaur district of Himachal Pradesh and bordered on the north by the Simla hill states. The state was founded by Soba Rawal in 1095 who assumed the name Raja Subans Prakash and was first known as Nahan. The new capital of Nahan (seen above in this 1858 print from "The Indian Empire" by R. Montgomery Martin) was founded in 1621 by Raja Karam Prakash and the state renamed. The rulers of Sirmur bore the title "Maharaja" from 1911 onward and its population was assessed by Major E.B. Evans in 1904 as 135,.

A well-organised postal system was in operation prior to the issue of the first stamps in 1878, like other princely states valid within that particular state only. Of the 48 Rajas in Sirmoor's history the most recognisable to collectors will be Raja Shamsher Parkash (1856-1898) subject of the 'Raja's Head' issues considered to be among the most attractive issues from the Feudatory States – arguably the most handsome. The seven printings of the 'Raja Heads' and complexity of the Official overprints present a rewarding challenge for the specialist and are rarely offered in the depth that follows.

Shamsher Prakash ascended the throne in 1856 at the age of 40 and his policy was to anglicise the administration, codify the functions of the State Department and enforce British law. The opening of Nahan Foundry was a further landmark achievement. He remained loyal to the British rulers during the mutiny of 1857 and sent army reinforcements to the north-west frontier during the Second Indo-Afghan War.

In 1902 the postal system of Sirmoor was taken over by the Imperial Postal Service, at which point the state's own stamps became, sadly, obsolete.

The Malaya Study Group

You are invited to join the Malaya Study Group. It is open to all collectors of Malayan philately, whatever their chosen interest or degree of specialisation. General collectors who share the passion for Malayan areas are certainly welcome. Material collected covers the whole spectrum from the pre-stamp period in the Straits Settlements through to the modern Malaysian and Singapore issues and the wealth of material in-between.

The Malaya Study Group was formed in 1959 by Howard Selzer in the United States. It is now administered by an elected committee in the United Kingdom. Membership is world wide, with active groups in Australia, Malaysia, Singapore & the U.S.A.

All members receive 'The Malayan Philatelist', a Newsletter and auction catalogues. They can have access to the members' area of the website and attend Group meetings.

Display meetings are held regularly in the U.K., mainly in London but annually in Worthing, and Leicester. Overseas meetings are held appropriately to coincide with Exhibitions.

'The Malayan Philatelist'(TMP) is the highly regarded society journal produced with colour illustrations and is issued four times a year. It contains articles and information about Malayan, Malaysian and Singaporean philately. A Newsletter is within TMP with all the Society news, information of forthcoming meetings/members' activities in competitions, group auction results, changes of membership and information relation to the running of the group.

A Website includes society information which has reports of meetings with photographs, plus there is also a Members Only area with additional information on displays etc, please see below for Website address.

Auctions of Malayan material generally occur twice a year for members to buy and sell. Lots vary from members' duplicates to complete collections with estimates ranging from £10 to £1000's. The auctions are run with integrity and receive many bids from our overseas members – who often win.

The Group has produced publications covering many aspects of Malayan, Singaporean and Malaysian philately. There are others in the process of being prepared.

For information about membership, which cost £20 per annum discounted to £15 for prompt payment, and includes four issues of 'The Malayan Philatelist' and auction catalogues where applicable, all sent with postage paid, please visit the website www.malayastudygroup.com or contact the membership secretary at:

Martin Roper, 25 King Edward Avenue, Aylesbury, Bucks, HP21 7JD, United Kingdom or email martinsroper@gmail.com for more information.
