Grahame Boutle (1934-2023)

Grahame's passion for stamps began when he was still a young boy, boarding at Berkhamsted School from 1945 onward and becoming a committee member of the school stamp club.

Over the following decades Grahame continued his active participation in organised philately, triumphing in competitions and serving as President of the Bromley and Beckenham Philatelic Society and the Kent Federation of Philatelic Societies. Ever willing, twice Grahame stepped forward to serve as Secretary of the K.F.P.S. when a shortage of volunteers threatened the future of the Federation. As Past President John Shaw would later comment, Grahame "discharged his duties professionally, including excellent minute writing, and he has been generous in offering his home as a venue for our exec meetings."

Managing the philatelic collection of his employer, BP, inspired him to create his own exceptional thematic collection on the Oil industry and he was an important contributing member of the Petroleum Philatelic Society International. His impressive thematic collection of Mosques began when he was seconded to Turkey by his company. In response to Grahame's unconventional collection of mourning items, Bewitched, Bothered and Bewildered by Black Borders, he also earned himself the affectionate nickname of "the undertaker".

Grahame was nominated a Fellow of the Royal Philatelic Society London in October 2021.

David C Mekie

David began stamp collecting at the tender age of 7 when he received his first stamp album from his father, who was a keen philatelist. His father worked in Singapore for many years and from a young age David joined his parents there, so he quickly made Singapore, the Malay States and Malaysia his initial focus of philatelic interest.

As the years passed, his collection extended to many other countries, including Hong Kong, India, North Borneo, Sarawak, Thailand, India, Ceylon, and a number of African countries. Space was also found for thematic subjects such as tea, rubber, rugby and alcohol. His passion for philately was such that he became regarded as a local expert on postal history.

David lives in Edinburgh and until his advancing years prevented him from continuing, was a prominent figure in the Scottish philatelic arena. As a member of the Edinburgh Philatelic Society for over 45 years he held a number of posts, most notably those of President, Treasurer, Packet Secretary and Newsletter Editor. He was a long-standing member, and at times also a committee member, of the Scottish Philatelic Society. More recently he became a member of the Lothian Philatelic Group (which succeeded both the EPS and SPS), a member of the Edinburgh Stamp Group, and he was at one time President of the Association of Scottish Philatelic Societies.

With Malaya as his core interest, he was also an active member of the Malaya Study Group, giving displays, writing articles for the newsletter and he regularly hosted meetings when the Group met in Scotland.

David was always willing to give displays not only to his own but also to other philatelic societies and he regularly volunteered to participate in philatelic events. So, prior to his presidency, he was presented with an Award of Merit from the Association of Scottish Philatelic Societies in recognition of his outstanding contribution to the success and enjoyment of philately in Scotland.

This resumé reflects David's perpetual commitment to the philatelic cause which has been his lifelong passion.

## THE MALAYA STUDY GROUP

You are invited to join the Malaya Study Group. It has 300 members and is open to all collectors of Malayan philately, whatever their chosen interest or degree of specialisation. General collectors who share the passion for Malayan areas are certainly welcome. Material collected covers the whole spectrum from the pre-stamp period in the Straits Settlements through to the modern Malaysian and Singapore issues and the wealth of material in-between.

The Malaya Study Group was formed in 1959 by Howard Selzer in the United States. It is now administered by an elected committee in the United Kingdom with national representatives in Australia, Malaysia, Singapore and the USA.

All members receive The Malayan Philatelist incorporating the Newsletter, and separate auction catalogues. They can have access to the members' area of the website and can attend Group meetings.

Display meetings are held regularly in the UK, mainly in London but annually in Leicester and by Zoom meetings.

The Malayan Philatelist (TMP) is the highly regarded society journal produced with colour illustrations and issued four times a year. It contains articles and information about Malayan, Malaysian and Singaporean philately. A Newsletter is issued with the TMP and this contains all the society news, information on forthcoming meetings/members' activities in competitions, Group auction results, changes of membership and information relating to the running of the Group.

A website includes society information but has more detailed reports of meetings, with photographs; there is a Members' Forum and research projects also. There is a private area on the website for the benefit of all members. Its address is www.malayastudygroup.com.

Auctions of Malayan material take place twice a year to enable members to buy and sell. Lots vary from members' duplicates to their actual collections with estimates ranging from £io to £iooos. The auctions are conducted with integrity and many bids are received from our overseas members, who very often win.

The Group has produced publications covering many aspects of Malayan, Singaporean and Malaysian philately. More are in preparation. Digitised past issues of The Malayan Philatelist are contained in a two CD set, which is available for purchase by new members at a nominal cost.

Membership currently covers the United Kingdom, Malaysia, Singapore, Australia, Europe and the United States. A 'packet circuit' operates in the UK.

Membership costs $£ 20$ per annum discounted to $£_{15}$ for prompt payment. Included are all issues of The Malayan Philatelist incorporating the Newsletter, and separate auction catalogues, with all postage paid.

Please visit www.malayastudygroup.com where full details of the Group and overseas representatives will be found. Or contact the membership scretary: Martin Roper. 25 King Edward Avenue, Alesbury, Bucks, HP2I 7JD, Unitd Kigdom, or email martinsroper@gmail.com for more information.

An important historical record. Unlisted by Attwood in Ascension: The Stamps and Postal History (1981). Photo
£2,000-£2,500
1831 (Sept. 30) letter to the Commissioners of HM Navy headed "Island of Ascension" written by Capt. Samuel John Payne of the Royal Marines requesting payment of the pension granted by the King for "the wounds I received on board His Majesty's ship Amethyst in action with the French frigate La Thetis". On Nov. 101808 "Amethyst" had captured the French frigate "Thétis" in the Bay of Biscay. British casualties in the engagement were severe, French losses much higher. In his subsequent report to Admiral Lord Gambier, Commander-in-Chief of the Channel Fleet, Capt. Seymour of the "Amethyst" reported losses of "nineteen killed and fifty-one wounded . . . that invaluable officer Lieutenant S. J. Payne dangerously wounded". Payne had also been previously wounded whilst serving on the "Téméraire" at the Battle of Trafalgar in 1805. This the third recorded item listed by Attwood in Ascension: The Stamps and Postal History, p 2. Photo.

James Aldworth St Leger (1814-1877) had during the First Anglo-Chinese 'Opium' War served on HMS "Blenheim", which was now to be taken out of commission at Sheerness. Aldworth was employed on the coast of Africa and on the North America and West India station from 1884 to 1848 when he was elevated to the rank of Commander. Photo.

## Ascension: Later Covers

737 Incoming Mail, 1899 (Nov. 25) letter from "CAPTAIN IN CHARGE'S OFFICE,/GARRISON/Ascension Island" written by Capt. George W. Pollard addressed to the sender of the extraordinary envelope (opened for display) posted Apr. 18 from Philadelphia to H.M.S. Wallaroo at Samoa, forwarded with ms. redirections, transit datestamps and due markings to Nouméa, Sydney, Melbourne and Cape Town before finally catching up with Pollard at Ascension, the cover duly returned to the sender to justify his slow response blaming "a terrible muddle of it at Samoa". Capt. George Northmore Arthur Pollard (1847-1920) had, after distinguished service in Jamaica and East Africa, been appointed in 1897 to the command of the cruiser "Wallaroo" on the Australian station and in June annexed Rennell, Bellona and the Stewart Islands in the Solomon Islands group to the British crown. He served as Commandant of Ascension from July 15899 to May 131902 and later rose to the rank of Rear Admiral. Photo.

742 A 1819 (May, June) Manuscript accounts, set of three narrow folio pages prepared by Joseph Cole, bound by original ribbon, recording the supply of food, books and spirits to various Islanders, the charges incl. "stuffing a saddle, a cow bought at auction, two lanthorns for Mr Balcombe, raffle for Capt Rous's horse, Midwife attending Mary..." and other items. A fascinating insight into Island life from the period of the Emperor Napoleon's residence in exile. Joseph Cole was appointed Postmaster on Saint Helena in 1815 and held the position throughout this period, the Post Office being moved to Cole's office in the house occupied by Messrs Balcombe, Cole $\mathcal{E}$ Co., the private trading company with a monopoly to supply ships chandler and victualling services to all visiting vessels and sole agent for the provision of supplies to Napoleon's household at Longwood. The suspension of the packet service on July 121819 (all mail thereafter to be sent at ship letter rates), provided an excuse for the U.K. Government to withdraw their support to Cole, leading to a drastic decline in Post Office services. 744 Tokens for Local Usage, 1821 Solomon, Dickson \& Taylor ½d. (2), East India Co. $1 / 2 \mathrm{~d}$. (2), condition fair to fine. The arrival of the exiled Napoleon had brought great prosperity and doubled the island's population. As a consequence two copper coinages were ordered from England specifically for local use, the first of an unofficial nature. However, before either of the new copper coinages arrived Napoleon died on May 51821 and many left the island. Although the demand for the halfpenny pieces never reached the level originally conceived, the halfpennies remained in circulation for many years.

1925 "PETITION/From the Inhabitants of Tristan da Cunha respecting Letter and Parcel Mails to the Island" submitted to the Secretary of State, signed carbon copy of the original from the personal files of D.M. Gane, with copy of official response from Downing Street, trimmed and mounted on two pages. This petition had been first raised by Rev. Rogers during the harsh winter of 1922 and was accompanied by the signatures or marks of 39 male islanders. Champion of the rights of the Tristan inhabitants, Douglas Gane submitted regular suggestions to the Post Office and Colonial Office including the granting of Crown colony status and the issue of postage stamps with resulting fundraising benefits, a proposal to which then Colonial Secretary, Winston Churchill, added his support but which was rejected by the Post Office. The 1925 Petition, although failing in its appeal for the promise of a mail at least annually, did draw the attention of the public and contributed significantly to a raised awareness of the islanders' difficult situation over the following years. ## Fifth Session, Lots 2064-2593

Friday 15 th March at 10.30 am

## The Mike Smith Collection of Montserrat

## Mike Smith (1951-2023)

Born in Leeds and raised in Sunderland, Mike was an avid supporter of Sunderland Football Club. He was an avid collector of stamps and documents and travelled widely through Europe all through his life.

Montserrat, however, was a favourite destination and his collection of stamps from the island includes some of the detailed research that he carried out on almost every item. He refused to use technology in his stamp collection and all entries were meticulously and exquisitely handwritten using his favourite fountain pen itself an update from the quill and ink that marked many of his earlier collected pieces.

He is greatly mourned by his wife and daughters.
