## THE FALKLAND ISLANDS PHILATELIC STUDY GROUP (founded 1970)

The Group was founded following a meeting of some 50 collectors gathered together by Malcolm Barton, our Past President. Membership grew rapidly, reaching 125 in 1972, 220 in 1976 and is now at 380 members. The Group is truly international in its membership structure. The objects of the Group are to research into all aspects of philately connected with the Falkland Islands and their former Dependencies, leading to the publication of findings and to foster Falkland Islands philately by all means, including exchanging of information and philatelic material. Research is carried out by individual members, and is collated through a nominated leader for each subject.

A weekend meeting takes place annually in March during which displays are given, auctions and a bourse take place and an Annual General Meeting is held. Regional meetings are also held on a regular basis in various parts of the UK and in other countries, including the USA, Australia, Norway, Sweden and the Falkland Islands. Members, whether beginners or advanced collectors, are encouraged to attend.

The award winning *Upland Goose*, a quarterly journal, is distributed to all members and to leading philatelic libraries. Members 'Sales and Wants' are published with the journal without charge.

Two auctions of members' material are held each year, one a postal auction and the other live at the weekend gathering. Other material surplus to members' requirements is available through a popular circulating packet, limited because of insurance constraints to subscribers within the UK.

FIPSG is a member of ABPS and the American Philatelic Society.

## The A G Belfield, FRPSL, Collection of the Falkland Islands 1938–50 Issue

**For further information see The Stamps of the Pictorial Issue of the Falkland Islands and Dependencies – 1938 to 1951 by A G Belfield, FRPSL, Falkland Islands Philatelic Study Group Monograph No.5 (March 1999)**

*A collector since his childhood days and a specialist in the issues of King George VI since 1978, 'Tony' Belfield is a former member of the George VI Collectors' Society, an active member of the East Africa Study Circle (the stamps and postal history of which area remain a strong interest) and a past President of the Solihull Philatelic Society. He was elected as a member of The Royal Philatelic Society London in 1979 and as a Fellow in 1992.*

*His contribution to the Falkland Islands Philatelic Study Group has been remarkable. Currently serving as Immediate Past President, Tony was Hon. Auctioneer from 1994 to 1998 and a Committee Member from 1998 to 2003, during which time he ran the programme for the annual study weekend. He was Chairman of the Group from 2003 to 2005, Vice President from 2006 to 2009 and President from 2009 to 2014.*

*Recognised as the leading expert in the field, Tony's careful research led to the 'rediscovery' of the 1944 printings of the eight lower values from ½d. to 1s. and their subsequent catalogue listing, these being identifiable by the distinctive 'wartime' paper and gum, as well as by their shades and quality of impression. In 1999 he published The Stamps of the Pictorial Issue of the Falkland Islands and Dependencies – 1938 to 1951 as FIPSG Monograph no. 5, which provides an invaluable detailed introduction to this attractive and challenging issue.*

## Arctic Expeditions

- 1571 ▲ 1897 (Dec. 20) U.S. War Department envelope sent from Washington franked 5c., addressed to journalist and author Arthur Brice in London, enclosing interesting two page typewritten letter composed and signed by American Polar explorer, and now Chief Signal Officer of the Army, Adolphus W. Greely, the envelope being also signed. The letter refers to the forthcoming second edition of Greely's *Handbook of Arctic Discoveries* whilst apologizing that the letter is handwritten as "*the loss of the middle finger of my right hand makes it quite impossible to write much with my own hand*". Greely also encloses a typed extract from his new edition recounting the expeditions and surveys of the Franz Josef archipelago by British explorer Frederick George Jackson whose *The Great Frozen Land* (1895) had been edited by Brice. *Leader of the ill-fated 1881-84 Lady Franklin Bay Expedition from which only six men survived, Greely was subsequently obliged to later deny accusations of cannibalism when food supplies had run pitifully low.* Photo. £220-£250

- 1572 ☒ **1897 Andrée Balloon Expedition to the North Pole**, 1898 chromo-litho picture postcard from Bavaria, written in German but addressed in French to “M. Andrée/en retour du pole nord/Hammerfest/ou à pole nord” (Mr. Andrée, returning from the North Pole, at Hammerfest or at the North Pole), with Hammerfest Mar. 16 1898 arrival c.d.s. and redirected to the newspaper Aftonbladet in Stockholm. A most unusual item relating to this ill-fated expedition. In 1897 Salomon A. Andrée, the first Swedish balloonist, attempted a voyage by hydrogen balloon from Svalbard to either Canada or Russia, the intention being to cross directly over the North Pole. Unfortunately the balloon crashed onto pack ice after only two days and Andrée, together with fellow expedition members, Nils Strindberg and Karl Fraenkel, faced a long trek south to safety. They reached the remote island of Kvitøya where they perished, their last camp remaining undiscovered until 1930. Photo. £100-£150
